The *Biotechnology International* is an open access peer-reviewed international journal published 4 times a year at the end of each season with a purpose to provide knowledge on all aspects of Biotechnology in the world. Any valuable paper that describes these aspects of science is welcome. Our aim is a green world and hence, the journal have a paperless base to avoid cutting more trees and producing smaller amount of carbon.

**Editorial Board:** Please note that all the manuscripts will be processed in a rigorous peer review process under professional editors’ handling (*Editorial Board*). After the peer review, the journal will make the best efforts to publish all the valuable works as soon as possible.

**Indexing:** EngineersPress has indexed the Civil and Constructional Journal by several world class databases. For more information please follow *This Link*. 
Year 2013:

Vol. 1; No. 1
