The *World of Engineering Sciences* is an open access peer-reviewed international journal published 4 times a year at the end of each season with a purpose to provide knowledge on all aspects of engineering in the world. Any valuable paper that is related to the engineering is welcome. This journal is a reliable and valuable forum for engineers. Our aim is a green world and hence, the journal have a paperless base to avoid cutting more trees and producing smaller amount of carbon.

**Editorial Board:** Please note that all the manuscripts will be processed in a rigorous peer review process under professional editors' handling ([Editorial Board](#)). After the peer review, the journal will make the best efforts to publish all the valuable works as soon as possible.

**Indexing:** EngineersPress has indexed the World of Engineering Science by several world class databases. For more information please follow [This Link](#).
