The *Petroleum Magazine* is an open access peer-reviewed international journal published 4 times a year at the end of each season with a purpose to provide knowledge on petroleum extracting, processing and importance. This a unique journal which only focuses of this valuable resource. Any valuable paper that describes petroleum and its products is welcome. Our aim is a green world and hence, the journal have a paperless base to avoid cutting more trees and producing smaller amount of carbon.

**Editorial Board:** Please note that all the manuscripts will be processed in a rigorous peer review process under professional editors' handling ([Editorial Board](#)). After the peer review, the journal will make the best efforts to publish all the valuable works as soon as possible.

**Indexing:** EngineersPress has indexed the Petroleum Magazine by several world class databases. For more information please follow [This Link](#).
Year 2013:

Vol. 1; No. 1
